

GLOBAL HOPE
PARTNERS

2021 MINISTRY OVERVIEW

SHOW COMPASSION. SHARE HOPE. MAKE AN IMPACT.

Global Hope Partners provides hope by focusing on three areas.

HUMANITARIAN AID

Food, shelter, and other basic needs are shared with the most vulnerable and marginalized populations.

EDUCATION

Education is the best way to help people escape and stay out of poverty.

COMMUNITY DEVELOPMENT

Through vocational and leadership training, local leaders are mobilized to help others and spread the impact even wider.

a letter from **Peter and Esther**

This Ministry Overview is a celebration of all God has done and continues to do in South Asia! We hope the stories and reports you read here will be a source of encouragement and HOPE. Despite the pandemic and challenges of the last year, ministry continued to flourish thanks to your prayers and support.

Throughout the launch of Global Hope Partners, the team in South Asia worked tirelessly to meet the needs of the hurting - expanding into new ministries, pausing and monitoring others - while continuing to adapt, reinvent and persevere...all to reveal God's love to those in need.

Your commitment to sharing the love of God in South Asia, your continued support and your unending prayers are a great encouragement to us and to the Hope Team on the ground. Your impact is being felt around the world!

Spreading the love of God with you in South Asia,

Peter & Esther

Global Hope Partners' Compassion Ministries for Education and Humanitarian Aid give men, women and children the opportunity to improve their circumstances and see life beyond the struggle to survive. They discover their lives have great value as they receive practical care and are shown God's love for them.

EDUCATION AND HUMANITARIAN AID

Defend the weak and the fatherless; uphold the cause of the poor and the oppressed.

-Psalm 82:3

Enabling Futures

In May 2021, Global Hope Partners launched a new Alpha School in the slums of Pakistan. In this area, the entire family - including small children - work fields for a landlord, earning such a meager income it is not sufficient for the daily needs of the family. This school provides a quality education from trained teachers with the goal of changing the future of both the children and their families. We praise God for the 50 newly enrolled students who are thriving in their new opportunity!

ONCE FACING A FUTURE OF GENERATIONAL BONDED LABOR, NOW DREAMING OF CAREERS AS DOCTORS, POLICE OFFICERS, TEACHERS AND VETERINARIANS!

FAMILIES OF
DECEASED PASTORS SUPPORTED

Last year, a family suffered through COVID-19, while also facing oppression from the people in their village. “We were beaten and chased out of our community. Our cows, goats, and hens were taken from us as well as our privilege card. The only way we could earn a living was through labor jobs, however; once we contracted Covid we could not go for work. We found ourselves with nothing in our home to eat as we began to question our survival. During these trying times, the Hope Team provided life-saving food supplies. Our heartfelt thanks to The Hope Team - may you continue to help people in need.”

Equipping Leaders

The Hope Team equips church leaders with core values of the most effective Christian Leaders. Participants discover God's vision for their lives and develop goals to work toward that vision. Leaders learn how to maximize their impact in their families and businesses, and to serve their communities with integrity.

“Being a part of this conference has been the most impactful incident in my life. The values taught challenged me to fulfill God's vision for my life. There is incredible power when we serve each other, transforming the lives of people and communities around the world. This is exactly what I've experienced during this conference.”

“I strongly believe that this training has transformed and changed the way I live. It reminds and teaches us to build strong ‘Intimacy with God.’”

A Wedding Postponed

"I am attending classes which are helping me in understanding the Bible. I am not a well-educated person, as I only did my schooling through 7th grade. So when I read the Bible, I would not understand the Word properly. But after attending classes with the Hope Team, I learnt so many Biblical stories which helped me to understand the Word better.

Recently, my marriage was arranged, which would require me to move away from my village. My engagement brought me great joy, but my Bible classes meant so much to me that I did not want to give them up! I told my family that once these classes are completed, only then I will leave to get married. They were shocked, but agreed to allow me to finish. I thank the Hope Team for the opportunity in helping people like me to study the Word of God."

-Kumari

Church Partnership

Church Partnership Discipleship Movement (CPDM) encourages Christ-followers of South Asia with a fuller understanding of the contents of the Bible. The curriculum presents God's Word in its simplest form and is geared to Christians audiences of all educational backgrounds.

Attendees commit to six modules over 18 months, and come away with an understanding of the Biblical way of sharing and showing the love of GOD.
