MINISTRY OVERVIEW | 2022

HUMANITARIAN AID

Food, shelter, and other basic needs are shared with the most vulnerable and marginalized populations.

EDUCATION

Education is the best way to help people escape and stay out of poverty.

COMMUNITY DEVELOPMENT

Through vocational and leadership training, local leaders are mobilized to help others and spread the impact even wider.

SHOW COMPASSION. SHARE

A LETTER FROM **PETER AND ESTHER**

2022 was a transformative year of stepping up and stepping out in faith to impact the lives of individuals across South Asia. Your partnership set in motion the launch of new programming that is changing lives. Women experience generational healing through the Empowering Women program, as they learn their value comes from God alone. Our new leadership curriculum, Advanced Leadership Training, empowers individuals to lead and live faithfully through persecution.

Beyond the tangible outcomes, your support fostered a sense of belonging and hope for the children, women, and men of South Asia. Not only were immediate needs met, but also seeds of faith, resilience, and empowerment were sown throughout many communities.

Thank you for your faithful prayers and generosity as together we serve the people of South Asia. We hope reading the 2022 Ministry Overview excites you as much as it does us to see how God is faithfully transforming lives and communities.

Spreading the love of God with you in South Asia,
Peter and Esther

Education

alpha home ON THE MOVE

2022 was a big year for our Alpha Home children who moved from their long-time locations in a local neighborhood to an educational campus across town. Their new campus includes dorms for both girls and boys, an onsite K-10th school, proximity to the local college for 11th and 12th graders, and playgrounds and athletic fields for the children to enjoy. Moving the Alpha Home offers improved safety for the children and the opportunity for an excellent education alongside like-minded students.

resilience

IN THE FACE OF ADVERSITY

In Summer of 2022, many areas in South Asia experienced horrendous flooding. However, the floods in Pakistan were the worst in the country's history leaving entire villages washed away. Heavy monsoon rains hit especially hard in areas served by Global Hope Partners' Alpha School. Most children lived in homes made of mud which vanished in the flood waters leaving them homeless, and with crops ruined, families were struggling to survive. For several weeks, the only dry ground was along the busy highway - a dangerous situation for everyone, especially young children. Our local leaders and the Alpha School teacher came up with the solution to open the school building for the children to stay until they had a safe place to live. GHP Humanitarian Aid funding was used to provide meals and mosquito nets to help families stay safe and get back on their feet. Thankfully, most of the children have now returned home and have also returned to school full time!

CHURCH PARTNERSHIP **DISCIPLESHIP** MOVEMENT

*"Through this training, I feel truly blessed and grateful. It has allowed me to deeply engage with spiritual teachings and gain a better understanding of how to care for and support others. I have seen significant personal growth as a result of this program. Before, I struggled with prayer and lacked confidence in leading others. Now, I feel equipped to take on these responsibilities with a newfound sense of purpose. I have expanded my knowledge of spiritual texts and feel more comfortable discussing them with others. **This training has helped me grow both personally and as a leader within my family.**"*

Ravi O.

Your word is a lamp for my feet, a light on my path.

Psalms 119:105

The Church Partnership Discipleship Movement program is a comprehensive 18-month course that teaches practical principles of faith to a diverse group of individuals, including church leaders. The program is focused on demonstrating and sharing the values of love, and it covers six modules that are designed to provide real-world applications for the principles taught. The course is accessible and does not require any doctrinal discussions, making it an ideal program for anyone seeking to strengthen their faith and live a more fulfilling life.

EMPOWERING WOMEN

In South Asia, women are often marginalized, abused, and undervalued as members of society and even the family unit. Global Hope Partners' Empowering Women program was created to deliver the simple, yet powerful message that women are of great value to God. In June 2022, as gathering restrictions were removed, the program was launched with great success. 300 women attended the inaugural event and 250 women were subsequently trained in 6 events and 3 different languages. The team has received many impactful testimonies and the seminar is in high demand with requests for 30 Empowering Women sessions in 2023!

I learnt who I am, how precious I am

Three Day Seminar

“Since my husband left me and my son, I have endured shame and beatings from my brothers. During the lesson on Forgiveness, the verse from the Lord’s Prayer kept coming to mind - Forgive us as we forgive. As I repeated that verse 10 times, **I could feel the pain leave and joy fill my heart.** I’m indeed blessed by this session.”

Shanti
Empowering Women Program Graduate

WHO AM I?

Participants learn they are made in the image of God and their lives are valuable.

NEVER GIVE UP

Understanding God’s purpose for their lives through lessons on the Great Commandment, Forgiveness and Perseverance.

MANAGING SELF

Covering sensitive topics on body image and self-confidence as well as instructions on entrepreneurship.

10 Leadership **Legacy**

5 Leadership with **Humility**

3 Leader's **Vision and God's Provision**

"I have been through many hardships in my life while sharing the Good News. The lessons I learned during the Advanced Leadership Development training have challenged my leadership and broadened my vision. **I saw the study of the Word transformed into life and action.**"

-Brother Clarence, Bangladesh

LEADERSHIP TRAINING

As Global Hope Partners was established over the last year, the Hope Team shifted our focus for Leadership Training. Advanced Leadership Training (ALT) was developed to address the needs of leaders facing increased hardships. Written entirely by indigenous staff who have experienced first-hand the challenges faced by Christ-followers in the South Asian context, ALT focuses on a spiritual view of leadership. Comprised of 10 sessions, the aim is to encourage and empower leaders to live outwardly for the Lord even through challenges and crises. Leaders are inspired to respond to adversity with love, recognizing that in the South Asian context, life threatening challenges are part of their journey in Faith.

A man in a blue checkered shirt is shown in profile, sitting at a desk and praying with his hands clasped together. He is wearing glasses and a gold ring. In the background, a woman in a blue shirt is partially visible, looking down. The background is a light blue color with a faint map of the United States.

EPHESIANS 6:18

JOIN IN **PRAYER** FOR

Safety, health, and stamina for staff and partners.

Strength and a spirit of forgiveness for believers who are facing challenges due to their faith, and for the hearts of those who persecute Christians to be softened.

Church communities to grow in their faith through the Bible stories they share.

Christian leaders to encourage and multiply other leaders.

Women to recognize their worth and be empowered to contribute spiritually and financially to their households.

Humanitarian Aid ministries to meaningfully demonstrate God's love to others.

Education programs to improve children's lives through school and compassionate care.
